

MENZIES VOTES 2019

PUT HUMAN RIGHTS FIRST!

Community Q and A with Menzies candidates

Australians will elect our federal government on 18 May. Our choices will affect the lives, futures and dignity of all people in this country, and in its care.

Polls show that issues of human rights are of great concern to voters in this electorate. But where do the parties stand? What do our candidates promise?

Join us for a Q & A-style forum to meet Menzies candidates and question them on human rights issues including treatment of refugees and asylum seekers, LGBTIQ+ equality, Aboriginal rights and racism.
