

MANNINGHAM UNITING PLAYGROUP

Our playgroup program gives children the opportunity

- to socialise and to learn to play with other children;
- to develop a sense of cooperation

through new experiences in a fun and stimulating environment.

It also enhances interactions between adults and children, whilst building a sense of community between both the children and adults taking part in the group.

We know children learn through varied play activities in which they explore, imagine, create, wonder and simply have fun. At Playgroup our activities include painting, playdough, cutting, pasting, dressing up, sand and water play, climbing, jumping, and so much more.

All babies and children from 0 - 5 are welcome.

We have volunteers who are always willing to help should you require an extra pair of hands.

Adults are encouraged to become involved in the group's activities and support each other as they build relationships in this community.

We hope that you have a really great time at Manningham Uniting Playgroup.
